Experience

General

Assembly

September
2015-Present

Teaching Assistant for Front End Web Development (Washington, DC)

- Review all student coding assignments with comments regarding improvements and best practices
- Maintain weekly office hours to reinforce material taught each week and provide further assistance to students

Spark

Networks

October 2013-
Present

Product Manager (Associate Product Manager)

- Work on all aspects of the core dating sites including mobile and internal tools, and a CMS for churches to create websites
- Plan and update features for existing products by researching and writing requirements for the development teams using agile development methods

Software Development Intern

- Part of a mobile team used agile development to build iPhone applications
- Used XCode, iOS and Objective-C to produce applications

Congregation

Tikvat Jacob

January 2012-
August 2015

Madrichim Coordinator and Assistant Youth Director

- Designed and implemented a teaching assistant course for 25 teenagers
- Oversaw all teenagers working in the religious school and created experiential and collaborative learning opportunities
- Chaperoned and planned youth events for students in grades 3-12

Sixth Grade Teacher

- Assisted in designing a new experiential curriculum for teaching cultural traditions
- Organized and facilitated lesson plans and fostered positive relationships between students and faculty

Education

General

Assembly

June 2013-
September 2013

Web Development Immersive

- Learned web development using agile development, behavior and test driven development techniques as well as how to pitch and defend projects
- Introduced to HTML, CSS, JavaScript, JQuery, PostgreSQL, MongoDB and Ruby on Rails

Lehigh

University
